An Introduction to INTEGRATED GROUP

(One basket solution for **LT/HT/EHV** electrical transmission and distribution equipments & accessories)

Dear Sir,

We thank you for giving time & attention to us .

We glad for having got an opportunity of introducing ourselves as a leading & professionally managed organization which brought revolution in distribution of electrical equipments & accessories in power distribution sector.

About our Chairman –cum- Managing Director

Mr.Avinash Shinde is the Chair person of Integrated Group. He started his business in 1988 with supply of Telephone cables and Cable jointing kits and then eventually entered into trading of Power cables. His vision, anticipation, forecasting skills and sense of timing with risk taking abilities has taken a small trading organization to a Rs. 60 cores turnover company. We are now marching towards 100 crores turn over goal.
